## EXECUTIVE SUMMARY

Dynamic and adaptable individual with strong problem-solving skills and a passion for technology. Keen to explore emerging technologies and contribute to innovative solutions through technical expertise and analytical abilities. Committed to continuous learning and delivering high-quality results in a collaborative environment.

## EDUCATION

- Jai Shriram Engineering College B.Tech in Artificial Intelligence and Data Science (2023-2027) CGPA: 8.44
- Raja National Matric Higher Secondary School HSC (2022) – 70.8%

## AREA OF SPECIALIZATION

- AI & Machine Learning

## TOOLS & TECHNOLOGIES

- **Programming languages:** Python, Java, SQL
- **Web Technologies:** HTML, CSS
- **Tools & Platforms:** Git, GitHub, VS Code
- **Frameworks & Libraries:** Flask, TensorFlow, Scikit-learn, OpenCV

## PROJECTS

### CANCER PREDICTION SYSTEM

- Developed a machine learning system to predict cancer stage and recommend treatment options.

### DRIVER DROWSINES DETECTION SYSTEM

- Built a computer vision system that detects driver fatigue using facial analysis.

### REAL-TIME EMOTION DETECTION SYSTEM

- Developed a facial expression recognition system to identify emotions in real time.

### AI CHATBOT

- Developed an LLM-based chatbot to understand user queries and generate responses.

## INTERNSHIPS

### Data Science Intern – Encapsulate IT, Coimbatore | Aug 2024

- Worked on data preprocessing, visualization, and ML model development.

### MERN Stack Intern – Tech Jose | Jun 2025

- Built applications using MongoDB, Express, React, and Node.js.

## WORKSHOPS

- **Generative AI Study Jams** – Google Cloud
- **AI Masterclass** – Novi Tech
- **UI/UX Design using Figma** – Ezio Skill Academy
- Structural Programming in C

## PARTICIPATION

- Presented the paper "Intelligent Drowsiness Detection and Emergency Response System for Large Vehicles" at the International Conference on Sustainable Developments in Science, Technology, Engineering and Management (STEM-25) - 2025
- Presented a paper at SWAARUSH 2K26, Study World College of Engineering - 2026
- Showcased the project Cancer Prediction and Survival System at NOVA 2K24 - 2024
- Presented the project "Smart Study Planner and Notes Generator" at NOVA 2K25 Project Expo - 2025
- Participated in the National Level Coding Contest Code Arena - 2025
- Participated in Tech Fest 2025 National Level Technical Symposium - 2025
- Participated in ZENFOX 2K26 National Level Technical Symposium - 2026
- Secured a prize in the "Find Me If Sure" event at ACET Tech Fest 2025 - 2025

## ACHIEVEMENTS

- Python for Data Science & Cloud Computing – NPTEL
- Secured a prize in the "Find Me If Sure" event at ACET Tech Fest 2025 - 2025

## LANGUAGES

- English
- Tamil
- Kannada

## DECLARATION

I confirm that the information provided in this resume is true and accurately reflects my academic and professional background.
